

**OTHER COUNTRIES WOULD CONSIDER THIS  
AMOUNT OF AIR TRAFFIC OVERWHELMING.**

**IN AMERICA, WE CALL IT TUESDAY.**

**America's air traffic controllers work over half of the world's air traffic.**

**Our country's air traffic controllers handle more than 64 million take-offs and landings each year. Canada, on the other hand, guides almost as many aircraft as...  
Cleveland.**

**Today, air traffic operators from foreign countries are trying to convince Congress to privatize your air traffic control system the way they have privatized theirs.**

**That's not the best way to protect our nation's interests.**

**Risking the public's safety by putting air traffic control up for sale should never be an option.**

**America has the safest air traffic control system in the world.  
Why in the world would we want to change it?**

**AMERICA'S AIR TRAFFIC CONTROLLERS  
WE GUIDE YOU HOME**
